Attention: Rob Phillips

Beth and I would like to express our appreciation for your efforts in the sale of my late sister-in-law's patio home. Your work was thorough and professional in every respect.

In particular we'd like to thank you for responding so quickly when the smoke detector in the home went off due to an equipment malfunction. If you had not hurried over to the patio home and unlocked the door, the Fire Department would have had no choice but to knock it in at considerable expense to the estate beneficiaries.

Thanks again,

P. R. Logan
